

March 19, 2020

Dear Customers,

Yes, Jensen's Carpet Care & Restoration is open!

Regular cleaning of all high touch surfaces is a best practice method recommended by the CDC (Centers for Disease Control & Prevention) for the prevention of COVID-19 and other viral respiratory illnesses in households and community settings. Providing a cleaner, safer and more healthy living space has always been one biggest benefits Jensen's Carpet Care & Restoration provides for our customers.

Since everyone's health and safety is our top concern, and in light of the government's advice on how to slow the spread of the COVID-19, we will postpone cleaning spaces where people have had COVID-19, have symptoms, or have been in contact with someone who has been diagnosed with COVID-19.

For more information about household cleaning and COVID-19, please visit the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/community/home/cleaning-disinfection.html>. We are ready to assist if you need our help with carpet cleaning.

We are all in this together. We will continue to monitor the COVID-19 situation and will follow guidance from public health officials and government agencies, so we can continue to support our customers and communities as needed.

Stay Safe!

Sincerely,

Joel Jensen
